Education

PhD in Computer Science

Nov 2024 – Present

Department of Computer Science, University of Turin, Italy.

CCC group, under Prof. Daniele P. Radicioni.

Visiting PhD Student

Mar – May 2026

Department of Computational Linguistics, University of Zurich, Switzerland.

Digital Linguistics group, under Prof. Lena A. Jäger.

MSc in Artificial Intelligence

Sep 2021 – Jul 2024

University of Turin, Italy.

Grade: 109/110.

BSc in Computer Science

Sep 2018 – Nov 2021

University of Turin, Italy.

Grade: 110/110 with honours.

Selected publications

CERVINO: A Large-Scale Italian Eye-Tracking Dataset for Reading Legal Texts

Calogero Jerik Scozzaro, Matteo Delsanto, Sara Pasquet, Luisa Revelli, Antonio Mastropaolo, Daniele Paolo Radicioni.

In *Proceedings of the 2026 Conference on Empirical Methods in Natural Language Processing*,

Paired Models' Perplexity Optimization for Categorization of Unbalanced Data

Calogero Jerik Scozzaro, Matteo Delsanto, Daniele P. Radicioni.

In *IEEE Transactions on Artificial Intelligence*, 2026.

AIBERTurin: A Fully Open Family of Italian Encoder Models with Modern Architectures

Matteo Rinaldi*, Marco Madeddu*, Calogero Jerik Scozzaro*, Matteo Delsanto, Daniele Paolo Radicioni, Viviana Patti.

In *Proceedings of the 12th Italian conference on computational linguistics (CLiC-it 2026)*, 2026. *Co-first author, equal contribution.

Best Student Paper Award, Mention of Honor: Outstanding contribution to Italian NLP resources.

Kenji-Endo: a BabyLM @EVALITA

Calogero Jerik Scozzaro, Matteo Rinaldi, Gianluca Mittone, Marco Antonio Stranisci.

In *Proceedings of the Ninth Evaluation Campaign of Natural Language Processing and Speech Tools for Italian (EVALITA 2026)*, pages 16–26.

Beyond the Average Reader: the Reader Embedding Approach

Calogero Jerik Scozzaro, Matteo Delsanto, Daniele P. Radicioni.

In *Findings of the Association for Computational Linguistics: ACL 2025*, pages 15231–15244.
